- (a) Variable rate security. The rate shown is the effective interest rate as of September 30, 2023. The benchmark on which the rate is calculated is shown parenthetically, if applicable. Certain variable rate securities are not based on a published rate and spread but are determined by the issuer or agent and may be based on index changes, prerepayment of underlying positions and/or other variables. These securities do not indicate a reference rate and spread in their description above.
- (b) All or a portion of the security is on loan. The total fair value of the securities on loan as of September 30, 2023 was \$30,034,786.
- (c) Percentage rounds to less than 0.1%.
- (d) Securities exempt from registration under Rule 144A of the Securities Act of 1933. These securities have been deemed liquid under procedures approved by the Fund's Board of Trustees and may normally be sold to qualified institutional buyers in transactions exempt from registration. The total fair value of these securities as of September 30, 2023 was \$1,191,306,177, representing 75.7% of net assets.
- (e) Illiquid security as determined under procedures approved by the Board of Trustees. The total fair value of these securities as of September 30, 2023 was \$44,480,254 representing 2.8% of net assets.
- (f) The rate shown is the 7-day effective yield as of September 30, 2023.
- (g) This security was purchased using cash collateral held from securities on loan. Securities on loan are also collateralized by various U.S. Treasury and government agency securities in the amount of \$13,615,000.

- (a) Variable rate security. The rate shown is the effective interest rate as of March 31, 2023. The benchmark on which the rate is calculated is shown parenthetically, if applicable. Certain variable rate securities are not based on a published rate and spread but are determined by the issuer or agent and may be based on index changes, prepayment of underlying positions and/or other variables. These securities do not indicate a reference rate and spread in their description above.
- (b) All or a portion of the security is on loan. The total fair value of the securities on loan as of March 31, 2023 was \$41,621,088.
- (c) Percentage rounds to less than 0.1%.
- (d) Securities exempt from registration under Rule 144A of the Securities Act of 1933. These securities have been deemed liquid under procedures approved by the Fund's Board of Trustees and may normally be sold to qualified institutional buyers in transactions exempt from registration. The total fair value of these securities as of March 31, 2023 was \$986,923,731, representing 75.5% of net assets.
- (e) Illiquid security as determined under procedures approved by the Board of Trustees. The total fair value of these securities as of March 31, 2023 was \$32,041,058, representing 2.4% of net assets.
- (f) Security value has been determined in good faith by the Board of Trustees. The total value of such securities was \$5,715,591 as of March 31, 2023, representing 0.4% of net assets.
- (g) The rate shown is the 7-day effective yield as of March 31, 2023.
- (h) This security was purchased using cash collateral held from securities on loan. Securities on loan are also collateralized by various U.S. Treasury and government agency securities in the amount of \$19,504,000.
